DRAFT REPORT

CR-05 - Goals and Outcomes

Progress the jurisdiction has made in carrying out its strategic plan and its action plan. 91.520(a)

This could be an overview that includes major initiatives and highlights that were proposed and executed throughout the program year.

During the 2024 fiscal year, the County was able to provide home rehabilitation to (21) twenty-one homeowners some of urgent need.

New homeowners totaled fifteen (15) clients for the 2024-25 program year, offering up to five thousand dollars of down payment assistance to each approved applicant.

Public service organizations, small business trainings, and fair housing had great accomplishments throughout the program year. A few of the public service have ongoing contributions that will be reported on the CAPER for the next program year.

Comparison of the proposed versus actual outcomes for each outcome measure submitted with the consolidated plan and explain, if applicable, why progress was not made toward meeting goals and objectives. 91.520(g)

Categories, priority levels, funding sources and amounts, outcomes/objectives, goal outcome indicators, units of measure, targets, actual outcomes/outputs, and percentage completed for each of the grantee's program year goals.

Table 1 - Accomplishments – Program Year & Strategic Plan to Date

Assess how the jurisdiction’s use of funds, particularly CDBG, addresses the priorities and specific objectives identified in the plan, giving special attention to the highest priority activities identified.

Awarded HOME & CDBG funds were allocated to projects and activities to communities that displayed the needs of their communities and residents. The activities were noted as need a need in the County's most recent Consolidated Plan, accounting for the needs for public and social services on an socio-economic level. The activity programmed to address blight elimination is at a slight pause as more sites are being identified to create a larger positive impact in the community.

Narrative

For the 2024-25 fiscal year, Lake County awarded funding to eight (8) of all the participating communities. Of those communities the reporting information was gathered from –Winfield, St. John, Lowell, Lake Station, Hobart, Griffith, Dyer, Crown Point and Lake County. Programmed, implemented and began projects that were in interests of funding for ADA compliance projects, and public facilities improvements to better serve the residents of their communities.

Leveraging

Explain how federal funds leveraged additional resources (private, state and local funds), including a description of how matching requirements were satisfied, as well as how any publicly owned land or property located within the jurisdiction that were used to address the needs identified in the plan.

Discuss the difference between goals and outcomes and problems encountered in meeting these goals.

The overall intent and goal is to aid as many persons/households as possible, that are within the qualifying regulations of each program. There are incidents where the demand outweighs the supply. Lake County will continue to serve the communities within its jurisdiction.

Discuss how these outcomes will impact future annual action plans.

The plan of Lake County is to continue to serve and aid those that meet the need; solicit for competent, reputable contractors.

Include the number of extremely low-income, low-income, and moderate-income persons served by each activity where information on income by family size is required to determine the eligibility of the activity.

Narrative Information

Lake County expects to be a continued source of aid to the persons in the targeted communities.

CR-25 - Homeless and Other Special Needs 91.220(d, e); 91.320(d, e); 91.520(c)

Evaluate the jurisdiction's progress in meeting its specific objectives for reducing and ending homelessness through:

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

The department within Lake County (LCCED) does not directly reach out to homeless persons directly. There are other staffed entities in the CoC that take on this task in a more efficient manner. The County does offer a Homeless Prevention program, aiding the at-risk for homelessness, and those obtaining housing to aid in the decrease of the homeless population.

Urban Lake County is an active participant in the area Continuum of Care (CoC) organization. The County's homeless strategies are informed based on the needs, priorities and strategies of the overall CoC. While there is very little street outreach within the urban county jurisdiction, there are several points of entry into services and shelter provided by CoC members. The County's Homeless Prevention Program serves as one point of entry. Township offices can also serve as a point of entry when residents seek housing assistance.

Once entered into the system, homeless persons being assisted by a CoC member will undergo a coordinated entry and assessment process. Coordinated entry helps prioritize assistance based on vulnerability and severity of service needs. This process ensures that people who need assistance the most can receive it in a timely manner. All members of the CoC located in Lake County are required to use coordinated entry. The Balance of State CoC has provided training and service providers within Lake are fully operational. The system includes the following elements: (1) process for determining eligibility; (2) process for determining priority and assistance amounts for rapid rehousing; (3) process for determining priority for permanent supportive housing; and (4) referral services. The processes and assessments are standardized and are used by all providers with the aim of removing barriers of entry to the system for any population.

Addressing the emergency shelter and transitional housing needs of homeless persons

Lake County does not operate emergency shelters nor transitional housing. There are other non governmental organizations that provide a direct line of assistance for persons that are homeless or at risk of becoming homeless with assistance to emergency shelters, transitional housing and other various types relief. The County continues to be a partner and participant of the Region 1A CoC.

As noted, the County is part of the CoC. While emergency shelters and transitional housing programs still have a place in the overall continuum, the focus has now shifted to a Housing First model that emphasizes the placement of homeless persons in stabilized housing situations as soon as possible in order to minimize the amount of time in the system. While the County will support all of the CoC members through coordination with the CoC, the County does not propose to use any of the federal resources available through this plan to support emergency or transitional housing.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: likely to become homeless after being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); and, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs

Community Development Block Grant (CDBG) funds are allocated and used to for the Homeless Prevention Program offered through the department of Community Economic Development in the amount of \$50,000.00 for fiscal year 2024-25, the program offers assistance up to \$1,000.00 for income qualified families, persons with delinquencies, security deposit as well as mortgage aid to prevent homelessness.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

The County's Homeless Prevention Program is a piece of the combined efforts to aiding and facilitating independency, with transitional housing from another agency and the County's Homeless Prevention both are expected to shorten the time of a household and or person's homelessness.

CR-30 - Public Housing 91.220(h); 91.320(j)**Actions taken to address the needs of public housing**

Urban Lake County has no participation with the public housing authority .

Actions taken to encourage public housing residents to become more involved in management and participate in homeownership

There are no public housing units in Urban Lake County to manage.

Actions taken to provide assistance to troubled PHAs

There are no public housing units in Urban Lake County to carry out any action.

CR-35 - Other Actions 91.220(j)-(k); 91.320(i)-(j)

Actions taken to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment. 91.220 (j); 91.320 (i)

Areas in the matter of zoning, building codes and land use and monitored by the Housing Task Force that represents both the public and private territories. Fair Housing organization, Northwest Indiana Reinvestment Alliance provides updates on regulations impacting local housing policies. Discriminatory treatment of buyers, lending practices and solutions in aiding with affordability are tasks that the fair housing agency handles on a daily with their sources of knowledge and tools to remove the negative effects of discriminatory actions.

Actions taken to address obstacles to meeting underserved needs. 91.220(k); 91.320(j)

Transitional and senior housing continues to be a matter of importance, activity and continued efforts are underway to approve new development of housing in the manner of assisted living or advanced care communities. Supportive services to persons entering back into independent living with the need for safe and stable housing.

Actions taken to reduce lead-based paint hazards. 91.220(k); 91.320(j)

Lake County Community Economic Development Dept. uses qualified firms to test, treat and remediate all lead cases. Clearance exams are done at completion. All properties constructed prior to 1978 are mandated to follow the lead based requirements. Construction for new housing are done without use of lead based paint. If lead is found in existing structures the lead based paint is removed, encased and safe lead rehabilitations are done so no further or potential danger is at hand.

Actions taken to reduce the number of poverty-level families. 91.220(k); 91.320(j)

Over the years LCCEDD has periodically undertaken various types of private economic development projects that have created, aiding in retaining jobs in Lake County, especially for low-income persons aiding families to maintain or improve their way of living. Through the funding for social services persons have been able to undertake job trainings, methods of mental and educational care for their minor children, facilitating transportation to and from vital care appointments.

Actions taken to develop institutional structure. 91.220(k); 91.320(j)

The Lake County CDBG/HOME programs have established links, contacts, and cooperation with public bodies and private NGOs in the area and

continue to work throughout the program years. The goal is to continue to maintain and improve the programs and services that are in place to date.

Actions taken to enhance coordination between public and private housing and social service agencies. 91.220(k); 91.320(j)

Lake County does not have any public housing .

The County remains a member of the Region 1-A Continuum of Care, encompassed by most of the NGO's and governments in the Northwest Indiana area that provide assistance to households that are homeless, or at risk of becoming homeless. The County continues to fund Habitat for Humanity for the region's housing needs. Providing funding and a contractual relationship with Northwest Indiana Reinvestment Alliance to provide Fair Housing services in the Urban Lake County area.

Identify actions taken to overcome the effects of any impediments identified in the jurisdictions analysis of impediments to fair housing choice. 91.520(a)

The annual contractual agreement with Northwest Indiana Reinvestment Alliance provided housing counseling services to the Urban Lake County area. As part of this agreement, this group also works to eliminate, or modify the impediments identified.

NWIRA continues to address the housing needs through the partnerships with Indiana Housing Community Development Authority (IHCD) for their Indiana Homeowner's Assistance Fund (HAF) to assist with applications for assistance for homeowners with mortgage payments, property taxes and homeowner's insurance premiums. NWIRA is an HUD certified Counseling Agency with certified counselors to that provide services to the clients of NWIRA and to partnered agencies.

The agency organizes and facilitates meetings, workshops and seminars that provide an on-going dialogue to ensure quality affordable housing, safe and sound fair lending practices by consultation with the Banker's Counseling group.

CR-40 - Monitoring 91.220 and 91.230

Describe the standards and procedures used to monitor activities carried out in furtherance of the plan and used to ensure long-term compliance with requirements of the programs involved, including minority business outreach and the comprehensive planning requirements

The monitorings of CDBG and HOME funded projects are done once during the fiscal year of their funding. Public improvement projects are monitored during the project until completion.

Regulatory standards depend on location as various cities and towns have local codes affecting housing rehabilitation and new construction. Home repair projects are monitored at the beginning and a final time upon completion of rehabilitation. Major rehabilitation projects are usually monitored several times during the construction period and always before making partial and final payments. The County follows 24 CFR 92.504(d) for inspection of assisted rental units. Upon monitoring HOME assisted projects if there are findings, those matters are addressed and given ample time to be rectified.

Down payment and Owner Housing Rehabilitation assistance projects are monitored to ensure condition standards are met. Residency affidavits are mailed out annually to insure continued occupancy of the client(s). If a survey is not returned by mail, Recorder investigation and physical inspection is made by LCCEDD staff to determine if the unit is still occupied by the client(s). If not, legal action is pursued to regain the funds provided to that client.

Once a year there is an advertisement placed in local newspaper seeking qualified minority and/or female contractors to participate in the local housing rehabilitation program for the public improvement projects.

Citizen Participation Plan 91.105(d); 91.115(d)

Describe the efforts to provide citizens with reasonable notice and an opportunity to comment on performance reports.

A Public Notice is placed in the local newspaper informing the public that we will be completing and filing the annual Consolidated Annual Performance Evaluation Report for the 2024-25

fiscal year and giving the public a fifteen (15) day window to offer and submit any comments and or concerns. The public notice will be posted on Monday, October 10 & 13, 2025.

Copies of the CAPER draft are made available to public review at the LCCEDD office in the County Building at 2293 N. Main St., Room 310-A, Crown Point, IN. A hard copy is available at the main branch of the Lake County Public Library in Merrillville, IN. The final CAPER will be made available on the County website.

To date, there has been no comments submitted to LCCEDD regarding any of the 2024FY activities.

CR-45 - CDBG 91.520(c)

Specify the nature of, and reasons for, any changes in the jurisdiction's program objectives and indications of how the jurisdiction would change its programs as a result of its experiences.

The County will continue to carry out the projects and activities as presented in the 2017-2023 Consolidated Plan.

Does this Jurisdiction have any open Brownfields Economic Development Initiative (BEDI) grants?

No

[BEDI grantees] Describe accomplishments and program outcomes during the last year.

CR-50 - HOME 24 CFR 91.520(d)

Include the results of on-site inspections of affordable rental housing assisted under the program to determine compliance with housing codes and other applicable regulations

Please list those projects that should have been inspected on-site this program year based upon the schedule in 24 CFR §92.504(d). Indicate which of these were inspected and a summary of issues that were detected during the inspection. For those that were not inspected, please indicate the reason and how you will remedy the situation.

The Department's staff relies on HUD monitoring handbooks, guidelines, and technical assistance publications.

The Department's monitoring ranges from screening applicants for income eligibility, accounting procedures, to on-site inspections for funded agencies. Reports are reviewed on a regular basis.

LCCEDD works with its subrecipients and partnering communities to conduct regular site visits and inspections for projects that are funded to assure compliance with codes and other regulatory requirements., prior to payment release. Monitoring of public services and project sites take place on a regular throughout the term of the project.

InPact monitoring was done in November 2024 with concerns of the upkeep of the client/consumer files. Return visit done in March 2025 with the same results resulting in the discontinued partnership.

Veteran's Housing on-site review was completed of the three floor structure along the with shared common areas. The facility has a policies in place that encourage the well being of residents, staff and visitors. There were no findings nor major concerns. - April 2025

Provide an assessment of the jurisdiction's affirmative marketing actions for HOME units. 24 CFR 91.520(e) and 24 CFR 92.351(a)

Previous units developed by Habitat for Humanity (the County's CHDO), were sold to, and occupied by low/moderate income persons/ households. Current strives are taking place to continue to the

development of single family homes for low-mod families with partnership of Habitat for Humanity and LCCEDD.

The 75-unit Veteran's Housing project and In-Pact and Kirby Manor have satisfied the County's Affirmative marketing plan, funded with HOME dollars, remains operational since the early 2022 to current day. All complying with HOME regulations and abiding by the plans in accordance with executed agreements.
